

TECHNOLOGICAL EDUCATION INSTITUTE OF THESSALY

September 2014

www.teilar.gr

Foundation and mission

TEI of Thessaly was established as a tertiary education institution in 1983, along with all Greek TEI.s which replaced the existent Higher Technical & Vocational Centres.

Today TEI of Thessaly is the third largest Technological Education Institute in Greece (with approx. 21.000 students) and comprises four Schools and fourteen academic departments in three cities Larissa, Karditsa and Trikala.

Its strategic mission is to continuously improve the quality of the courses and the educational services offered as well as to promote knowledge through a variety of research programmes.

Our facilities include modern classrooms and laboratories, Halls of Residence, auditoriums, restaurant, a multi-sport center and a conference centre, as well as excellent I.T. services. We provide students with ample learning resources and access to unlimited sources of information and knowledge through the library and the database network.

Our institution delivers postgraduate courses in collaboration with Universities in Greece, the United Kingdom and Italy, while at the same time offers academic support to students through the Career Office (employment issues, etc.), the European Programmes Office (mobility, etc.) and the Institute of Life-long Learning (continuing education, etc.).

Our mission is to educate our students as responsible citizens in a democratic country and integrated Europe and as remarkable professionals in the labour market.

Undergraduate Studies

➤ SCHOOL OF TECHNOLOGICAL APPLICATIONS

Department of Electrical Engineering (Larissa)

Tel.: +30 2410 684577
e-mail: secry-electr@teilar.gr

Department of Computer Science and Engineering (Larissa)

Sections for:

- Network Engineering
- Computer Engineering
- Software Engineering

Tel.: +30 2410 684592
e-mail: secry-cs@teilar.gr

Post Graduate Courses

TEI of Thessaly offers a range of postgraduate courses that lead to Master Degrees.

➤ **Master in Project and Programme Management**

Tel: +30 2410 684708-709 • e-mail: postgraduate@teilar.gr • Web: <http://dde.teilar.gr>

➤ **Master in Mental Health**

Tel: +30 2410 684449 • e-mail: pgmentalhealth@teilar.gr • Web: www.pgmentalhealth.teilar.gr

➤ **Master in Primary Health Care**

Jointly organized and delivered by the Department of Medicine University of Thessaly and the Department of Nursing T.E.I of Thessaly.

Tel: +30 2410 685710 • e-mail: acare@med.uth.gr • Web: <http://acare.med.uth.gr>

Lifelong Learning Institute

Lifelong Learning Institute (LLI) is an autonomous non-profitable educational unit in TEI of Thessaly that offers educational services to Higher Education graduates. The Institute is run by one-person and collective governing bodies, supervised by the TEI and financially managed by the TEI Education and Research Committee.

Educational / scientific Fields

LLI focuses on the following educational / scientific fields:

- Pedagogical Studies & Research
- Engineering Disciplines, electrical, mechanical & structural.
- Geotechnical Sciences
- Management and Economics Disciplines
- Health Care Sciences
- Information Technology
- Exact Sciences

Admission

All holders of a Higher Education degree in a related field fulfill the admission requirement for attending the programmes.

Certificates

Certificates of attendance are granted when the programme has been successfully completed and the certification criteria and procedures have been met. Studies lead to a Continuing Education Certificate or to a Lifelong Learning Certificate.

> Contact Details: Tel.: **+30 2410 684340**, e-mail: **idve@teilar.gr**, Web: **http://idve.teilar.gr**

Student Welfare

Teaching Material

TEI students are entitled to free textbooks and teaching notes.

Accommodation

Free accommodation is provided at the Halls of Residence to a number of students that have low income. The Halls of Residence in Larissa and Karditsa city, belong to TEI and can provide accommodation to 702 students in twin-bedded rooms, including rooms with special facilities for students with disabilities. In the same complex there are also TV rooms, rooms for indoor games, coffee shop and laundry facilities.

Student Restaurant

Free meals (breakfast, lunch and dinner) are provided at the Student Restaurant to students that have low income. Student Restaurant is located on the ground floor at the Conference Centre.

Health Care

Students are entitled to free medical and health care under the Greek National Health system, unless otherwise insured, for as long as they study at the TEI, up to twelve semesters.

Reduce Fair Card

Upon registration students are issued a Reduced Fare Card which entitles them to reduced ticket fares in all means of public transportation. The Reduced Fare Card is renewed very year by the School secretary.

Student Grants

Student grants are available to students who are not entitled to free accommodation, in order to cover their living expenses, on provision they respond successfully to their academic obligations.

Scholarships

All students are eligible for scholarships which are granted by the Greek State Scholarship Foundation, on the basis of their academic performance.

Library

The Library was founded in 1973 and its resources meet the educational and research needs of all users-members within the TEI community. It comprises the Central Library and the Multiple-copies Library, both situated at the central building block in Larissa campus, and the Libraries at Karditsa and Trikala Branches.

Library facilities and areas accessible to all library members include:

- Bookcase room with collections of books and other printed material.
- Reading room with quiet study places.
- Laboratory fully equipped with computing and audio-visual facilities that provide access to electronic and audio-visual educational material.
- Laboratory specially designed for people with disabilities.
- Computer Work Stations for students to search for available books via the Online Public Access Catalogue (OPAC).
- Journals Display and Reading room, with a large collection of issues both in Greek and other languages.

Each library member is entitled to the following services:

- Book loans for up to fifteen (15) days
- Interlibrary loans of books from many other HE institutions, through participation in the National Cooperation Network of Scientific and Technological Libraries and the National Documentation Centre.
- Long-term loans (up to one academic semester)
- Personal assistance by the library staff, upon request.

Career & Employment Services

The Employment and Career Services (ECS) of the TEI of Thessaly is a recently created innovative structure established under the Operational Program "Education and Lifelong Learning", cofinanced by the European Union (European Social Fund) and national resources.

The principal function of ECS is to coordinate the activities of the Career Services Office, the Work Placement Office, and the Innovation and Entrepreneurship Unit. Its mission is to develop the appropriate strategy for bridging the gap between higher education and industry, in order to enhance the employability of graduates.

Web Portal: <http://dasta.teilar.gr>

Co-financed by Greece and the European Union

Career Services Office

Career Office at TEI of Thessaly:

- Aims to properly advise and assist TEI students and graduates in planning their future career path.
- Develops close contact with enterprises and organizations not only in the region but throughout the country and informs them of the institution and the graduates for recruitment purposes.
- Records the needs in the economy through employment opportunities offered by companies and demand for employment by TEI graduates.
- Provides counselling to students and graduates regarding their professional skills and employability issues.
- Works closely with professional and social agents in Thessaly region.
- Organises career events.

> **Contact Details:** +30 2410 684725-6, +30 24410 80030

> **Email:** career@teilar.gr

Work Placement Office

Supervised work experience is an indispensable component of the undergraduate programs offered by the TEI of Thessaly. During the last semester our students take up a six-calendar-month work placement at industries, enterprises, companies, offices etc, in both the private and public sector in order to put into practice the knowledge they have acquired and gain valuable experience in a workplace setting.

> **Contact Details:** +30 2410 684723-4

> **Email:** pr.askisi@teilar.gr

Innovation & Entrepreneurship Unit.

It is a newly found unit run by the Employment and Career Structure and aims to provide motivation, ideas and mainly confidence to Higher Education students and graduates in order to develop their entrepreneurial initiative and set up new enterprises or take up entrepreneurial activities in existing companies. The unit's mission is to increase employability and decrease unemployment rates on the other hand.

European Programmes Office (Erasmus)

It was established in 1995 and aims at implementing European educational programmes.

ERASMUS, the mobility programme for Higher Education students, staff and institutions, and ECTS are the two main actions TEI of Thessaly is implementing. ERASMUS offer students that have successfully completed their first year of studies, an opportunity to undertake part of their studies (three up to twelve months) at a partner institution in another European country. The study abroad may involve class attendance, work placement or writing the dissertation and it is recognized by TEI of Thessaly on the basis of bilateral academic agreements. The EU provides eligible ERASMUS students with mobility grants through the Greek State Scholarship Foundation (IKY) which is the national agent.

Studying abroad under Erasmus Programme can give students a chance to experience life in another culture and studying under a different Higher Education system. It can enhance their employability and add an international dimension to their CV as graduates.

TEI of Thessaly has established cooperation and signed more than 100 bilateral agreements with partner institutions in Europe.

> **Contact Details:** +30 2410 684727, e-mail: oeop@teilar.gr, Web: <http://erasmus.teilar.gr>

Sports Centre

Students are offered the chance to take part in various athletic and leisure activities and events that the Centre organizes and holds at the TEI sports facilities.

These include:

- Coaching and matches of team sports such as football, basketball, volleyball, as well as tennis, etc.
- Internal matches against other institutions
- Fitness coaching for students and TEI staff
